The author of *The Exorcist Legacy: 50 Years of Fear*, brings us another sensational Hollywood tell-all celebrating the 40th anniversary of Brian De Palma's legendary 1983 gangster film, while also showcasing its broader appeal across the past century by confronting the equally controversial legacy of its 1932 predecessor. When Brian DePalma's operatically violent *Scarface* debuted in 1983, the film drew almost as much fire as the relentless gunfire in the film itself. Starring Al Pacino as Cuban refugee-turned-crime-boss Tony Montana, Steven Bauer as his best friend Manny, and Michelle Pfeiffer as an Eighties gangster's moll, the movie revamped the original 1932 film for a new era of drugs, sex, and graphic violence. Attacked as both a celebration of cocaine-fueled excess and a condemnation of it, the film's reputation continued to rise over the years. But the real story of its success started nearly a century ago—when Hollywood first fell in love with the American gangster. . . Hollywood's infatuation with money, power, and organized crime has captured the public's imagination and made *Scarface* one of its most enduring modern myths. From a 1912 gangster film by D.W. Griffith to the 1932 hit *Scarface* starring Paul Muni, to Brian DePalma's 1983 shocker, the antihero's rise and fall exposes the dark side of the American Dream—whether it's Prohibition Era bootleggers or modern-day drug dealers. When actor Al Pacino got the idea of doing a remake of *Scarface* after screening the original, a legend was (re)born—and the rest is history. Filled with behind-the-scenes anecdotes, untold tales from Old and New Hollywood, and sixteen pages of eye-popping photos, *Say Hello to My Little Friend* is the ultimate guide to everything *Scarface*. With guns blazing and chainsaws whirring, movie biz writer Nat Segaloff tears into this pop culture phenomenon with fascinating insights, stunning revelations, and a true fan's glee. This is a must-have book for movie buffs, crime lovers, and culture vultures everywhere.

The darkest Batman is unmasked. During the London press junket for *The Dark Knight* in the summer of 2008, Christian Bale was famously accused of assaulting his mother and sister at the five-star Dorchester Hotel. Six months later, a recording of Bale's rant on the set of *Terminator Salvation* was leaked, and the star's anger began to define him. But beyond his notorious temper, Bale, an Academy Award-winning actor for his role in *The Fighter*, is known for his ability to physically transform himself for roles in *American Psycho*, *The Machinist*, and as one of Hollywood's most revered and bankable characters—Batman. In *Christian Bale: The Inside Story of the Darkest Batman*, Best Biography winner in the 2013 Indie Excellence Awards and finalist in the 2013 Indie Book Awards, a 2013 Indie Book Awards Finalist for Best Biography, Bale's former publicist and assistant Harrison Cheung—his real-life Alfred—shares an inside look into the little-known personal life of the intensely private and reclusive actor. In the first biography of the Batman star, Cheung, who lived and worked with Christian and his father for 10 years, shares firsthand accounts of the Bales' familial dysfunction, Christian's morbid fascinations and dark humor, and his extreme dedication to his craft. Aware that Bale hated his traditional publicity duties, Cheung launched an extensive Internet marketing campaign for the actor, built the first official actor website for him, and cultivated the Baleheads, an online fan community that was used to garner editorial coverage and ultimately help Bale secure the role of the Caped Crusader. Written with veteran Hollywood and entertainment reporter Nicola Pittam, *Christian Bale: The Inside Story of the Darkest Batman* uncovers Bale's transformation from shy, English child actor to Internet sensation to Hollywood bad boy. *FOR DISTRIBUTION IN THE U.S. AND CANADA ONLY*

Mention Shaft and most people think of Gordon Parks' seminal 1971 film starring Richard Roundtree in a leather coat, walking the streets of Manhattan to Isaac Hayes' iconic theme music. But the black private dick who inspired the blaxploitation film genre actually made his debut on the printed page as the creation of a white novelist. Ernest Tidyman was a seasoned journalist down on his luck when he decided to try his hand at fiction. Shaft was the result, giving Tidyman the break he was looking for. He went on to become an Academy Award winning screenwriter and respected film producer. Based on extensive research of Tidyman's personal papers, this book tells the story of Shaft from the perspective of his creator. The author provides new insight and analysis of the writing of the Shaft novels, as well as the production of the films and TV series. First-ever coverage of the forgotten Shaft newspaper comic strip includes previously unseen artwork. Also included is Shaft's recent reappearance on the printed page, in both comic book and prose form.

The British Film Industry in 25 Careers tells the history of the British film industry from an unusual perspective - that of various mavericks, visionaries and outsiders who, often against considerable odds, have become successful producers, distributors, writers, directors, editors, props masters, publicists, special effects technicians, talent scouts, stars and, sometimes, even moguls. Some, such as Richard Attenborough and David Puttnam, are well-known names. Others, such as the screenwriter and editor Alma Reville, also known as Mrs Alfred Hitchcock; Constance Smith, the 'lost star' of British cinema, or the producer Betty Box and her director sister Muriel, are far less well known. What they all have in common, though, is that they found their own pathways into the British film business, overcoming barriers of nationality, race, class and gender to do so. Counterpointing the essays on historical figures are interviews with contemporaries including the director Amma Asante, the writer and filmmaker Julian Fellowes, artist and director Isaac Julien, novelist and screenwriter Hanif Kureishi, and media entrepreneur Efe Cakarel, founder of the online film platform MUBI, who've come into today's industry, adjusting to an era in which production and releasing models are changing - and in which films are distributed digitally as well as theatrically.

Screen-writing is a unique literary form. Screenplays are like musical scores, in that they are intended to be interpreted on the basis of other artists performances rather than serving as finished products for the enjoyment of their readers. They are written using technical jargon and tight, spare prose to describe set directions. Unlike a novella, a script focuses on describing the literal, visual aspects of the story rather than on its characters internal thoughts. In screen-writing, the aim is to evoke those thoughts and emotions through subtext, action, and symbolism. Prominent Hollywood script doctors include Steve Zaillian, William Goldman, Robert Towne, Mort Nathan, Quentin Tarantino etc., while many up-and-coming screenwriters work as ghost writers. This book is a

modest catalogue of some of the most prominent screenwriters, listed from A to Z. The good are sometimes bad, and they can be even... Ugly. Many comments herein included were googled in deference to the multiplicity of information available today, yet they reflect exactly - or almost - what I thought. An amazing thing today is how anonymous commentators on the Internet rival and even surpass the poor quality of professional media and specialised literature. It all comes down to watching the truth 24 times per second, to quote Jean-Luc Godard s phrase. Not to mention that such truth may include sex scenes, violence, pedophilia, etc. We know that a literary masterpiece like Henry James Portrait of a Lady became a film of very poor quality as scripted by Laura Jones. We know, conversely, that a mediocre writer like Mickey Spillane inspired at least one film as remarkable as Kiss Me Deadly, thanks to A. I. Bezzerides script. Asa former screenwriter, Mr. Correa must avow that he found the job most gratifying. Writing that looks effortless is often hellish to write and revise. It was something he did have to slog through, but it proved particularly pleasing. Editing, discussing & finishing your work is particularly gratifying. Identifying your flaws and working to mitigate them is also gratifying. It is a general perception that creative careers are more interesting and fun than others. But the privilege of earning money through imagination and creativity is effectively hard-won. Please comment at will. Please disagree at will. Be facetious in your remarks, but please be neither vicious nor mean-spirited.

The Boozy Biography of the Four Greatest Actors to Ever Walk--Or Stagger--Into a Pub. Richard Burton, Richard Harris, Peter O'Toole, and Oliver Reed: On screen they were stars. Off screen they were legends! Hellraisers is the story of drunken binges of near biblical proportions, parties and orgies, broken marriages, riots, and wanton sexual conquests. Indeed, acts so outrageous that if you or I had perpetrated them we could have ended up in jail. Their mercurial acting talent and love from the press and the public allowed them to get away with the kind of behaviour that today's film stars could scarcely dream of. They were truly the last of a breed, the last of the movie hellraisers.

This book traces the intertwining lives and careers of Burton, Harris, O'Toole, and Reed, plus an assortment of other movie boozers who crossed their path. It's a celebratory catalogue of their miscreant deeds, a greatest-hits package, as it were, of their most breathtakingly outrageous behavior, told with humor and affection. You can't help but enjoy it—after all, they bloody well did. "God put me on this earth to raise sheer hell."--Richard Burton "I don't have a drink problem. But if that was the case and doctors told me I had to stop I'd like to think that I would be brave enough to drink myself into the grave."--Oliver Reed "I was a sinner. I slugged some people. I hurt many people. And it's true, I never looked back to see the casualties."--Richard Harris "Booze is the most outrageous of drugs, which is why I chose it."--Peter O'Toole

Say Hello to My Little Friend Macmillan

Stone himself serves as guide to this no-holds-barred retrospective—an extremely candid and comprehensive monograph of the renowned and controversial writer, director, and cinematic historian in interview form. Over the course of five years, Academy Award-winning filmmaker Oliver Stone (*Midnight Express*, *Scarface*, *Platoon*, *JFK*, *Natural Born Killers*, *Snowden*) and New York Times bestselling author Matt Zoller Seitz (*The Wes Anderson Collection*) discussed, debated, and deconstructed the arc of Stone's outspoken, controversial life and career with extraordinary candor. This book collects those conversations for the first time, including anecdotes about Stone's childhood, Vietnam, his struggles with post-traumatic stress disorder, and his continual struggle to reinvent himself as an artist. Their dialogue is illustrated by hundreds of never-before-seen photographs and documents from Stone's personal archive, dating back to Stone's birth: personal snapshots, private correspondence, annotated script pages and storyboards, behind-the-scenes photography, and production files from all of his films to date—through 2016's *Snowden*, and including Stone's epic Showtime mini-series *Untold History of the United States*. Critical commentary

from Seitz on each of Stone's films is joined by original essays from filmmaker Ramin Bahrani; writer, editor, and educator Kiese Laymon; writer and actor Jim Beaver; and film critics Walter Chaw, Michael Guarneri, Kim Morgan, and Alissa Wilkinson. At once a complex analysis of a master director's vision and a painfully honest critical biography in widescreen technicolor, *The Oliver Stone Experience* is as daring, intense, and provocative as Stone's films—it's an Oliver Stone movie about Oliver Stone, in the form of a book. Both this book and Stone's highly anticipated film, *Snowden*, will be released in September 2016 to coincide with Stone's seventieth birthday (September 15, 1946). Also available from Matt Zoller Seitz: *Mad Men Carousel*, *The Wes Anderson Collection: Bad Dads*, *The Wes Anderson Collection: The Grand Budapest Hotel*, and *The Wes Anderson Collection*.

This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors*. Miola's edited work also features a comprehensive critical history, coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection, there are five previously unpublished essays. The topics covered in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance histories in Germany and Japan, the metrical variety of the play, and the distinctly modern perspective on the play as containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficulty accessible journals, newspapers, and other sources. This collection brings together these essays for the first time.

This critical text offers a behind-the-scenes look at fifteen of the most important American war films of the last 60 years. Based on original interviews and archival research and featuring rare

photographs, this book covers films considered unusually realistic for the genre. The original edition (1981) covered war films through World War II, while the present, expanded edition includes seven new chapters covering the Civil War, the American gunboat presence in China in the 1920s, the Korean War, the Vietnam War, the fighting in Mogadishu in 1993 and the war in Iraq.

This new collection of essays and reviews from “one of the most gifted film critics in America” offers rare insight into the cinema of the 1970s and 80s (Roger Ebert). Following the first collection of Dave Kehr’s criticism, *When Movies Mattered*, this volume features fifty more reviews and essays drawn

from the archives of both the *Chicago Reader* and *Chicago* magazine from 1974 to 1986. This collection offers in-depth analyses of films that are among Kehr’s favorites, from the sobering Holocaust documentary *Shoah* to the raucous comedy *Used Cars*. But fans of Kehr’s work will be just as taken by his dissections of critically acclaimed films he found disappointing, including *The Shining*, *Apocalypse Now*, and *Raiders of the Lost Ark*. Whether you’re a long-time reader or just discovering Dave Kehr, the insights in *Movies That Mattered* will enhance your appreciation of the movies you already love—and may even make you think twice about one or two you hated.
