The interested world of scholars is sure to receive with gratitude this latest work from the erudite pen of Prof. D.C. Sircar who has opened up for us new vistas in the study of Indian antiquities. Prof. Sircar's Indian Epigraphical Glossary, characterised by a wide sweep of vision based on a meticulous attention to details, is a contribution of the utmost importance. Here one finds an embarras de richesses in a comprehensive dictionary of technical expressions found in documents embracing nearly 2000 years in time and the entire Indian sub-continent in space and written in a variety of languages. It offers a panorama of Indian political and cultural life as enshrined in a series of expressions which are precise and historically important. Many of them remained obscure, and Prof. Sircar, with his thorough knowledge of the subject in the study of which he has spent a life-time, has succeeded in most cases in giving quite satisfactory interpretations. The

mass of material in this invaluable publication, which will continue to be an indispensable work of reference for many years to come, brings in a volume of lexical material for the compilation of an exhaustive Dictionary of Sanskrit. The importance of the work, which I would consider epoch-making in the domain of Indology, has been considerably enhanced by three remarkable Appendices.

Milk & Cardamom BecomeShakespeare.com

Roja Singh's critical ethnography on caste and gender is rooted in interactions, and lived experiences in communities of Dalit women in Tamil Nadu, India. Situated in transnational feminist discourses, Singh's perspective as a Dalit woman, provides an intersectional social analysis of power structures that sustain caste dominance in South India today. She describes strategies of social change in Dalit women's activism as rooted in subversive applications of imposed identities of "difference" thwarting social boundaries and punishment traditions. The core of this Interdisciplinary work is Dalit women's songs, oral and written testimonial narratives, including Singh's personal story.

All of Statistics Publications Division (India), New Delhi

Taken literally, the title "All of Statistics" is an exaggeration. But in spirit, the title is apt, as the book does cover a much broader range of topics than a typical introductory book on mathematical statistics. This book is for people who want to learn probability and statistics quickly. It is suitable for graduate or advanced undergraduate students in computer science, mathematics, statistics, and related disciplines. The book includes modern topics like non-parametric curve estimation, bootstrapping, and classification, topics that are usually relegated to follow-up courses. The reader is presumed to know calculus and a little linear algebra. No previous knowledge of probability and statistics is required. Statistics, data mining, and machine learning are all concerned with collecting and analysing data.

One of the most enduring divas of Hindi cinema, a producer and director for films and television, dancer and choreographer par excellence, magazine editor, an active member of Parliament and now a singer, Hema Malini wears many hats with admirable ease. No other industry name comes close to matching the breadth of her achievements. In an industry where the male star has traditionally driven the commercial success of films, Hema was an exception, with her name alone sufficing to ensure a film's box-office glory. She was, arguably, India's first female superstar. Apart from starring in mainstream super-hits like Johny Mera Naam, Jugnu, Andaz, Seeta Aur Geeta, Sholay and, more recently, Baghban, she received critical acclaim for her performances in Lal Pathar, Khushboo, Kinara, Meera, Ek Chadar Maili Si and Razia Sultan. But there is much more to her than just her Bollywood journey. From her efforts at reviving and sustaining classical dance to her graceful handling of her personal life and the controversies that have plagued her in her political avatar, from her relationships to her religious beliefs and her recent tryst with singing, Hema Malini: Beyond the Dream Girl covers it all. With detailed interviews and exclusive anecdotes from her family, friends and co-actors, this is an inside look at the remarkable life of one of our greatest cinema icons, someone who has truly lived life on her own terms.

Decline and Fall of Buddhism Routledge

NEW YORK TIMES BESTSELLER • Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. "A loving invitation to live our best lives and a profound reassurance of why and how we can."—Sir Ken Robinson, author of The Element, Finding Your Element, and Out of Our Minds: Learning to Be Creative NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and

experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.

R. K. Narayan (1906—2001) witnessed nearly a century of change in his native India and captured it in fiction of uncommon warmth and vibrancy. Swami and Friends introduces us to Narayan's beloved fictional town of Malgudi, where ten-year-old Swaminathan's excitement about his country's initial stirrings for independence competes with his ardor for cricket and all other things British. Written during British rule, this novel brings colonial India into intimate focus through the narrative gifts of this master of literary realism.

[AKASHVANI](#) Vintage

This book looks at adaptations, translations and performance of Shakespeare's productions in India from the mid-18th century, when British officers in India staged Shakespeare's plays along with other English playwrights for entertainment, through various Indian adaptations of his plays during the colonial period to post-Independence period. It studies Shakespeare in Bengali and Parsi theatre at length. Other theatre traditions, such as Marathi, Kannada, Malayalam and Hindi, have been included. The book dwells on the fascinating story of the languages of India that have absorbed Shakespeare's work and have transformed the original educated Indian's Shakespeare into the popular Shakespeare practice of the 19th and 20th centuries, and the unique urban-folkish tradition in postcolonial India.

Indian Epigraphical Glossary Hemkunt Press

Winner of the 2009 Ananda Kentish Coomaraswamy Book Prize, sponsored by the Association for Asian Studies The medieval Rajput queen Padmini - believed to have been pursued by Alauddin Khalji, the Sultan of Delhi - has been the focus of numerous South Asian narratives, ranging from a Sufi mystical romance in the sixteenth century to nationalist histories in the late nineteenth century. The Many Lives of a Rajput Queen explores how early modern regional elites, caste groups, and mystical and monastic communities shaped their distinctive versions of the past through the repeated refashioning of the legend of Padmini. Ramya Sreenivasan investigates these legends and traces their subsequent appropriation by colonial administrators and nationalist intellectuals, for varying different political ends. Using Padmini as a means of illustrating the power of gender norms in constructing heroic memory, she shows how such narratives about virtuous women changed as they circulated across particular communities in South Asia between the sixteenth and early twentieth centuries. This book will interest historians of memory, gender, community, culture, and historywriting in South Asia. Illustrating how enduring legends emerged out of particular precolonial repositories of "tradition," the book also addresses the nature of colonial transitions and precolonial historical consciousness.

Spotted Goddesses Sanjay & Co

Ever wondered why your grandmother threw a teabag into the pressure cooker while boiling chickpeas, or why she measured using the knuckle of her index finger? Why does a counter-intuitive pinch of salt make your kheer more intensely flavourful? What is the Maillard reaction and what does it have to do with fenugreek? What does your high-school chemistry knowledge, or what you remember of it, have to do with perfectly browning your onions? Masala Lab by Krish Ashok is a science nerd's exploration of Indian cooking with the ultimate aim of making the reader a better cook and turning the kitchen into a joyful, creative playground for culinary experimentation. Just like memorizing an equation might have helped you pass an exam but not become a chemist, following a recipe without knowing its rationale can be a sub-optimal way of learning how to cook.

Exhaustively tested and researched, and with a curious and engaging approach to food, Krish Ashok puts together the one book the Indian kitchen definitely needs, proving along the way that your grandmother was right all along.

Sweeten Any Occasion with Bold, Unforgettable Desserts From Brown Butter Ghee Shortbread Cookies to Pomegranate Curd Brownies, these decadently spiced, versatile recipes are a joy to make and share. Drawing inspiration from her Indian-American upbringing and experience on MasterChef, Hetal Vasavada infuses every creation with the flavors of her heritage. The results are remarkable treats like Mango Lassi French Macarons and Ginger-Chai Chocolate Pot de Crème. Whip up a batch of small sweets (mithai) like Sesame Seed Brittle and Bourbon Biscuits, or impress guests with a fantastic breakfast like Banana Custard Brioche Donuts. The Gulab Jamun Cake, inspired by the quintessential Indian dough-balls soaked in spiced syrup, is the perfect showstopper for any gathering. Simple techniques and smart shortcuts make it easy to create familiar flavors or experiment with new ones. With delectable ingredients like ginger, cardamom, saffron, fennel and rose, every bite is worth celebrating.

The nationwide lockdown in 2020 to curb the spread of Covid-19 left millions of migrant labourers without jobs, food and shelter. Desperate and helpless, most took to the road, embarking on the long, often fatal, journey home. Ritesh, Ashish, Ram Babu, Sonu, Krishna, Sandeep and Mukesh-migrants from Bihar-undertook a similar journey on their bicycles that lasted for seven days and seven nights. Their harrowing trip from Ghaziabad, Uttar Pradesh, to their hometown of Saharsa as they braved police lathis and insults, and battled hunger, exhaustion and fear, was documented by National Award-winning filmmaker Vinod Kapri. 1232 km is a story of the extraordinary courage of seven men in the face of tremendous odds.

This book has the power to secure your financial future and change your life. All you have to do is follow the one-step programme - the rest is automatic!

[Indian Costumes](#) Harmony

The Wrestler's Body tells the story of a way of life organized in terms of physical self-development. While Indian wrestlers are competitive athletes, they are also moral reformers whose conception of self and society is fundamentally somatic. Using the insights of anthropology, Joseph Alter writes an ethnography of the wrestler's physique that elucidates the somatic structure of the wrestler's identity and ideology. Young men in North India may choose to join an akhara, or gymnasium, where they subject themselves to a complex program of physical and moral fitness. Alter's first-hand description of each detail of the wrestler's regimen offers a unique perspective on South Asian culture and society. Wrestlers feel that moral reform of Indian national character is essential and advocate their way of life as an ideology of national health. Everyone is called on to become a wrestler and build collective strength through self-discipline.

THE OLDEST SECRET SOCIETY OF INDIA. THE GREATEST TREASURE IN THE HISTORY OF MANKIND. THE MOST EPIC MYSTERY OF THE ANCIENT WORLD. When the richest man of India confesses to being part of a secret society in a live press conference; chaos ensues. His daughter Aanya Vashishtha takes the help of Aarav Kohrrathi, a brilliant but egoistic treasure hunter and his friend Rehann to solve the mystery of The Ring of the Seven, a society of influential men who are tasked to protect the greatest treasure in history. What starts off as a quest to uncover her father's secret leads them to something bigger which they themselves couldn't have fathomed. They take the help from her father's associate, Shayna Maheshwari, a billionaire banker and someone herself

involved with the secret, as they progress towards a treasure hidden somewhere in the Himalayas. They brave bullets, puzzles, deadly chases, cult of assassins, and betrayal as their quest takes them across the length and breadth of South Asia; from the bustling metropolises of Mumbai and Delhi to the ancient temples of Nepal; from the serene beaches of Sri Lanka to the towering mountains of the Himalayas. They try to uncover a set of secret books of lost arts, which are believed to reveal the map of the treasure, and strive to discover the identities of the masters of

the Ring of the Seven to solve the penultimate mystery. In a tale of love and loss, logic and emotions, religion and history, action and adventure, and the trial of a few good men against the most powerful organization in the history of mankind. Will they find the secret of the Himalayan treasure?
