Hydrated Lime

Raises the pH of the soil
Helps neutralize soil acidity and “sweetens” the soil
For use on lawns, gardens and potted plants

TRUSTED SINCE 1926

Hydrated Lime

PEOPLE'S PROTECTION "100% NATURAL PRODUCED IN THE U.S.A.

CAUTION: Do not use on food crops. Do not handle with bare hands. Wash hands thoroughly after handling. Avoid breathing dust. Wear protective clothing. Do not contaminate water, food, or feed by proper mixing and application. Do not use in conjunction with other fertilizers or pesticides. Do not use on crops to be harvested for human consumption. Keep out of reach of children and pets. See warning label for additional information.
Hydrated Lime suitable rates and pH levels will increase the degree of acidity or alkalinity of the soil. Adjusting the soil to proper pH levels places it in greater and better condition by making it safer for the plant to set up nutrients in the soil.

A pH of 6.0 to 7.0 is considered by many to be "neutral". However, each crop has a soil pH that is right for that crop. A soil pH of range of 6.0 to 7.0 is considered suitable for most garden crops and laws. A soil test should be performed prior to using Hydrated Lime to establish the correct amount to use.

DIRECTIONS FOR USE

Caution: Bondine Hydrated Lime can be applied manually during the growing season. This will kill weeds. Use this system of weed and root to determine how much you wish to change the soil level of your land. A soil level of 4 to 6" is best for most gardens. Generally, 1 1/2 lbs. of Hydrated Lime per sq. yd. will raise the soil to the correct level of the soil base. Wanting perfecting this trick in Bondine Hydrated Lime around each plant. Do not mix with ingredients before using. Water normally.

Potted Plants: Once a year, mix (1) tablespoon of Bondine's Hydrated Lime in one gallon of water, and apply as you would normally would.

CAUTIONS: Always dispose of leftovers. Do not apply lime to soil at rate of children and pets. Prolonged contact with Hydrochloric Acid can cause irritation or burns to skin. Do not allow contact with eyes, mouth, or skin. Store in a cool, dry place.
